We are pleased to be able to publish your contribution entitled

Where as the AMERICAN JOURNAL OF MATHEMATICAL AND MANAGEMENT SCIENCES, through the American Sciences Press, Inc. (ASP) undertakes to publish the contribution names above, of which the undersigned is Author, the Author grants and assigns exclusively to ASP for its use all rights and to the above named article of whatsoever kind or nature now or hereafter protected by the copyright law (common statutory) of the United States and all foreign countries in all languages, including all subsidiary rights. This work shall be deemed a "work made for hire" under the copyright act of 1976.

Articles written by US Government employees as part of their official duties are in the public domain. Such authors, while not covered by this policy or copyright transfer, are still requested to sign this form in order to minimize problems associated with reprinting of the Journal.

The Author guarantees that the contribution named above has not been published previously elsewhere. If the articles has been previously published in whole or parts and has been copyrighted, the Author guarantees that he will submit an assignment of copyright to the Journal with this form, and that he has supplied credit lines in his manuscript. The Author guarantees represents and warrants that the contribution is original, that it does not violate the rights any person, and that he will indemnify ASP and all other claiming under it against all damages suffered and expenses incurred based on the breach of such representation or warranty.

The Author will receive no monetary return from ASP for the use of his material. Should ASP receive any request to reprint or translate all or any portion of the Author's contribution to be published in a reader, anthology, second serial, digest, syndication, or non-book medium (dramatic motion picture, [sight and sound], radio, television, or electrical recording), ASP will charge a reproduction fee. All monies in excess of basic reproduction fee will be equally divided between Author and ASP.
