

“MATCH DAY” Results 2013

Residencies Received by Seniors at the University of South Alabama

Match Day is a day of national recognition for medical students during their fourth year of undergraduate medical education. This is the day nationwide that medical students learn of their residency positions. The National Residency Match Program (NRMP) facilitates the process. Most of the seniors utilize the NRMP Match, but some students in each class utilize other systems to secure a residency*, e.g., military match, subspecialty match, etc. This year as in the past we are extremely proud of our students' successes in securing excellent residency positions.
